

**DIVISION B—COMMERCE, JUSTICE, SCIENCE, AND RELATED  
AGENCIES APPROPRIATIONS ACT, 2018**

Report language included in House Report 115–231 (“the House report”) or Senate Report 115–139 (“the Senate report”) that is not changed by this explanatory statement or this Act is approved. The explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein. In cases where both the House report and the Senate report address a particular issue not specifically addressed in the explanatory statement, the House report and the Senate report should be read as consistent and are to be interpreted accordingly. In cases where the House report or the Senate report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement, and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this Act; unobligated balances from previous appropriations Acts that are available for obligation or expenditure in fiscal year 2018; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2018. These procedures are specified in section 505 of this Act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project or activity cited in this statement, or in the House report or the Senate report and not changed by this Act or statement, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this Act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the

reprogramming or transfer request shall be considered unapproved. Departments and agencies shall not submit reprogramming notifications after July 1, 2018, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 532 of this Act, each department and agency funded in this Act shall submit spending plans, signed by the respective department or agency head, for the Committees' review not later than 45 days after enactment of this Act.

**TITLE I**  
**DEPARTMENT OF COMMERCE**

INTERNATIONAL TRADE ADMINISTRATION

OPERATIONS AND ADMINISTRATION

This Act includes \$495,000,000 in total resources for the International Trade Administration. This amount is offset by \$13,000,000 in estimated fee collections, resulting in a direct appropriation of \$482,000,000. The agreement provides \$87,500,000 for Enforcement and Compliance and no less than the fiscal year 2017 amount for Global Markets. The agreement adopts the Senate report language regarding SelectUSA.

BUREAU OF INDUSTRY AND SECURITY

OPERATIONS AND ADMINISTRATION

This Act includes \$113,500,000 for the Bureau of Industry and Security.

ECONOMIC DEVELOPMENT ADMINISTRATION

This Act includes \$301,500,000 for the programs and administrative expenses of the Economic Development Administration (EDA). Section 523 of this Act includes a rescission of \$10,000,000 in Economic Development Assistance Program balances. The funds shall be derived from recoveries and unobligated grant funds that were not appropriated with emergency or disaster relief designations.

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

This Act includes \$262,500,000 for Economic Development Assistance Programs. Funds are to be distributed as follows; any deviation of funds shall be subject to the procedures set forth in section 505 of this Act:

Public Works.....	\$117,500,000
Partnership Planning .....	\$33,000,000
Technical Assistance.....	\$9,500,000
Research and Evaluation.....	\$1,500,000
Trade Adjustment Assistance.....	\$13,000,000
Economic Adjustment Assistance.....	\$37,000,000
Assistance to Coal Communities .....	\$30,000,000
Section 27 Regional Innovation Program Grants .....	\$21,000,000
Total .....	<u>\$262,500,000</u>

*Job Losses from Nuclear Power Plant Closures.*—As noted in Senate Report 114–239, recent closures of nuclear power plants throughout the United States have had a negative impact on the economic foundations of surrounding communities, and there is potential for additional plant closures in the coming years. EDA can serve an integral role in assisting communities as nuclear plant closures affect the economic landscape of surrounding areas. To that end, EDA is directed to report to the Committees within 90 days of enactment of this Act on its work to help identify and develop best practices to assist communities affected by loss of tax revenue and job loss due to nuclear power plant closures.

*Broadband projects.*—EDA funding provided under Public Works, Economic Adjustment Assistance, and other programs may be used to support broadband infrastructure projects. High speed broadband is critical to help communities attract new industries and strengthen and grow local economies. EDA is encouraged to prioritize unserved areas. EDA shall submit a report to the Committees within 30 days of the end of fiscal year 2018 describing the number and value of broadband projects supported with fiscal year 2018 funds.

#### SALARIES AND EXPENSES

This Act includes \$39,000,000 for EDA salaries and expenses.

### MINORITY BUSINESS DEVELOPMENT AGENCY

#### MINORITY BUSINESS DEVELOPMENT

This Act includes \$39,000,000 for the Minority Business Development Agency (MBDA). In lieu of House language regarding external funding, the agreement directs that not less than 50 percent of funds provided to MBDA shall be awarded through competitive agreements, external awards, and grants.

### ECONOMIC AND STATISTICAL ANALYSIS

#### SALARIES AND EXPENSES

This Act includes \$99,000,000 for Economic and Statistical Analysis. The agreement does not adopt the proposed reorganization of the Economics and Statistics Administration (ESA). Senate report language is adopted by reference.

### BUREAU OF THE CENSUS

This Act includes \$2,814,000,000 for the Bureau of the Census.

#### CURRENT SURVEYS AND PROGRAMS

This Act includes \$270,000,000 for the Current Surveys and Programs account of the Bureau of the Census.

#### PERIODIC CENSUSES AND PROGRAMS

##### (INCLUDING TRANSFER OF FUNDS)

This Act includes \$2,544,000,000 for the Periodic Censuses and Programs account of the Bureau of the Census.

In October 2017, the Secretary of Commerce delivered a new life-cycle cost estimate for the 2020 Decennial Census totaling \$15,625,000,000. In addition to reliance on a new, independent cost estimate (ICE), the Secretary's estimate includes additional assumptions to enhance the robustness and reliability of the program. For example, the new estimate assumes

the need for additional in-person follow-up visits due to fewer households initially responding to the Census. The Secretary also requested a funding contingency to address any problems not anticipated by the ICE.

Approximately 70 percent of the costs of the 2020 Census will be incurred in fiscal year 2019 and fiscal year 2020. In order to ensure Census has the necessary resources to immediately address any issues discovered during the 2018 End-To-End Test, and to provide a smoother transition between fiscal year 2018 and fiscal year 2019, this agreement provides half of the amount needed for the 2020 Census for those fiscal years and includes the 2018 contingency amount of \$50,000,000 requested by the Secretary. These resources will also allow the Bureau of the Census to move forward with the timely execution of its 2020 Decennial Census communications and partnerships program to improve response rates and enhance trust in the Census. The Census Bureau is directed to ensure that its fiscal year 2018 partnership and communications activities in support of the 2020 Census are conducted at a level of effort and staffing no less than that conducted during fiscal year 2008 in preparation for the 2010 Decennial Census. The Census Bureau is further directed to provide the Committees with notification 15 days before any spending it intends to incur in fiscal year 2018 that is above the amounts included in the October 2017 life-cycle cost estimate for fiscal year 2018.

The agreement modifies House and Senate language requiring the Census Bureau to furnish certain information to the Committees and the Government Accountability Office (GAO). The Census Bureau shall provide this information no later than 60 days after enactment of this Act. Additionally, the Census Bureau shall include information on the number of open information technology (IT) security plans of actions and milestones for all 2020 Census systems and infrastructure, categorized by whether the underlying weakness or vulnerability is considered critical, high, moderate, or low risk, including a list of those plans of actions and milestones that are not scheduled to be closed within six months.

## NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION

### SALARIES AND EXPENSES

This Act includes \$39,500,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA).

Domestic and International Policy .....	\$8,000,000
Spectrum Management.....	\$7,600,000
Advanced Communications Research.....	\$8,200,000
Broadband Programs.....	\$8,200,000
National Broadband Map Augmentation.....	\$7,500,000
Total .....	<u>\$39,500,000</u>

*Broadband.*—The agreement provides \$7,500,000 to update the national broadband availability map in coordination with the Federal Communications Commission (FCC), which updated its map in February 2018 using Form 477 filing data. The funding provided does not constitute a new program to fund the primary data collection of broadband availability or subscription data, nor is it for funding specific data collection activities by States or third parties. Instead, NTIA should use this funding to acquire and display available third-party data sets to the extent it is able to negotiate its inclusion in existing efforts to augment data from the FCC, other Federal government agencies, State government, and the private sector. NTIA shall not duplicate FCC’s efforts. The updated map will help identify regions with insufficient service, especially in rural areas.

*First Responder Network Authority (FirstNet).*—NTIA is encouraged to place equal priority on the rural deployment of the Nationwide Public Safety Broadband Network to that of urban communities.

## UNITED STATES PATENT AND TRADEMARK OFFICE

### SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

This Act includes language making available to the United States Patent and Trademark Office (USPTO) \$3,500,000,000, the full amount of offsetting fee collections estimated for fiscal year 2018 by the Congressional Budget Office.

*Asset Disposals.*—The agreement notes that the Patent and Trademark Office, like all of the Department of Commerce, is subject to the asset disposal notifications in section 103, requiring agencies to provide at least 15 days advance notice of the disposal of any capital asset not specifically provided for in this Act or other law appropriating funds for the Department of Commerce. As this Act provides for no disposals, the Patent and Trademark Office shall inform the Committees of any capital asset disposal that meets the definition established in section 103.

## NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

This Act includes \$1,198,500,000 for the National Institute of Standards and Technology (NIST).

### SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

#### (INCLUDING TRANSFER OF FUNDS)

This Act provides \$724,500,000 for NIST's Scientific and Technical Research and Services (STRS) account. The agreement rejects the proposed terminations and reductions for all STRS programs and provides not less than fiscal year 2017 funding for: Advanced Networks, Connected Systems, and Data Science; Advanced Materials Manufacturing; Biological Science and Health Measurements; Corporate Services; Environmental Measurements; the Office of Special Programs; Quantum Science; Resilience and Structural Engineering; Semiconductor and Microelectronic Measurements; Standards Coordination Office; Time and Fundamental Measurement Dissemination; and User Facilities. The Senate report language regarding cybersecurity and the National Cybersecurity Center of Excellence (NCCoE) is adopted by reference and NCCoE is provided not less than \$33,000,000. Additionally, the agreement adopts Senate report language regarding forensic sciences.

*Disaster Resilient Buildings.*—Senate language regarding disaster resilient buildings is not adopted. Instead, within funding provided for Disaster Resilient Buildings, NIST is directed to provide no less than \$5,000,000 for competitive external awards. NIST shall be responsive to all grant applicants, including acknowledging receipt of applications, providing feedback to any unsuccessful applicants who request further information, and giving adequate notice of the timeline for announcing awards.

*Nano-structured materials.*—The agreement modifies House language regarding nano-structured materials to specify that the report shall be due no later than six months after enactment of this Act.

### INDUSTRIAL TECHNOLOGY SERVICES

This Act includes \$155,000,000 in total for Industrial Technology Services, including \$140,000,000 for the Hollings Manufacturing Extension Partnership and \$15,000,000 for the

National Network for Manufacturing Innovation, to include funding for center establishment and up to \$5,000,000 for coordination activities.

*Manufacturing USA Coordination.*—The agreement provides no more than \$5,000,000 for NIST’s coordination role for all Manufacturing USA institutes across the Federal government. This amount equals NIST’s fiscal year 2018 request for this activity. Not later than 60 days after enactment of this Act, NIST shall provide the Committees a report detailing the funding breakout for coordination activities for Manufacturing USA for the last three fiscal years. The report shall address how coordination funding is separate from direct funding provided for Manufacturing USA institutes, or whether there is any overlap.

#### CONSTRUCTION OF RESEARCH FACILITIES

This Act includes \$319,000,000 for Construction of Research Facilities.

#### NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

##### OPERATIONS, RESEARCH, AND FACILITIES

##### (INCLUDING TRANSFER OF FUNDS)

This Act includes a total program level of \$3,697,831,000 under this account for the coastal, fisheries, marine, weather, satellite and other programs of the National Oceanic and Atmospheric Administration (NOAA). This total funding level includes \$3,536,331,000 in direct appropriations; a transfer of \$144,000,000 from balances in the “Promote and Develop Fishery Products and Research Pertaining to American Fisheries” fund; and \$17,500,000 derived from recoveries of prior year obligations.

The agreement does not include section 553 of the House bill regarding the National Ocean Policy. No funding was provided in fiscal year 2017, and none was requested by any agencies funded in this Act in fiscal year 2018, to implement the National Ocean Policy. Consequently, no funds for National Ocean Policy activities are included for any agency funded in this Act.

*Weather Research and Forecasting Innovation Act of 2017.*—This agreement is consistent with Public Law 115–25, the Weather Research and Forecasting Innovation Act of 2017. Funding is provided for NOAA to improve weather data, modeling, computing, forecast

infrastructure, and warnings to allow the agency to develop more accurate, timely, and effective warnings and forecasts of weather events that endanger life and property.

The following narrative descriptions and tables identify the specific activities and funding levels included in this Act.

*National Ocean Service.*—\$561,187,000 is for the National Ocean Service.

**INSERT 9A**

*Title IX Fund.*—In lieu of Regional Coastal Resilience Grants, the agreement provides \$30,000,000 for Title IX Fund grants to meet the goals of the Regional Coastal Resilience Grants, as authorized under section 906(c) of Title IX of Public Law 114–113. NOAA shall administer this program in accordance with 16 U.S.C. 7505(b) and 3701, for collaborative partnerships that incorporate non-Federal matching funds with a priority on supporting authorized activities not otherwise funded within this Act, and direct costs shall not exceed 5 percent. NOAA shall retain oversight and accounting of this funding.

NO  
SP

*Harmful Algal Blooms (HABs).*—The agreement provides additional funding for NOAA to address HABs, and House and Senate language is adopted in full regarding concern for the impacts of harmful algal blooms and direction for NOAA to prioritize its most promising research and technological developments to forecast and mitigate HABs in both marine and freshwater habitats.

SP

*Geospatial Modeling Grants.*—The agreement adopts the Senate language in full for the external award of geospatial modeling grants.

*National Marine Fisheries Service (NMFS).*—\$882,957,000 is for NMFS Operations, Research, and Facilities.

**INSERT 9B**

*Northeast Multispecies Fishery.*—The Senate language pertaining to the Northeast Multispecies Fishery is adopted. In lieu of Section 537 of the Senate bill, the agreement provides an additional \$10,300,000 within Observers and Training to fully fund the cost of At-Sea Monitors in the New England groundfish fishery, including sea and shore side infrastructure costs. NOAA’s current assessment is that \$20,000,000 covers Standardized Bycatch Reporting

Methodology requirements, and NOAA believes that up to \$2,500,000 is needed to fully fund the At-Sea Monitoring costs, for a total of \$22,500,000, which is provided. NOAA is directed to fully fund the At-Sea Monitoring costs. It is noted that NOAA has estimated the additional costs of fully funding these activities to be anywhere from \$850,000 to \$10,300,000. That variation in range is unacceptable. The spending plan submitted under section 505 of this Act shall include a final amount needed to fully fund At-Sea Monitoring.

*Fishery Science Centers.*—The agreement does not include section 548 of the House bill regarding the relocation of NOAA fishery science centers. No funding was requested, and no funding is provided in this Act to permanently relocate any such centers during fiscal year 2018.

*Gulf of Mexico Red Snapper.*—House and Senate language regarding red snapper assessments in the Gulf of Mexico is adopted, and up to \$10,000,000 within Fisheries Data Collections, Surveys and Assessments shall be available for carrying out such purposes.

*Pacific Salmon Treaty.*—The agreement adopts the Senate recommended funding level to continue negotiations and implement necessary Pacific Salmon Treaty agreements.

*Fishery Management Council Fund Report.*—The agreement expands the reporting requirement in the Senate report to include all Fishery Management Councils. NOAA shall work with the Committees and the Councils to establish the appropriate scope and format for this report.

*Atlantic Striped Bass.*—The Atlantic States Marine Fishery Commission is completing a new stock assessment of Atlantic Striped Bass in 2018. After this assessment is complete, the Secretary of Commerce is directed to use this assessment to review the Federal moratorium on Atlantic Striped Bass.

*Block Island Transit Zone.*—NOAA, in consultation with the Atlantic States Marine Fisheries Commission, is directed to consider lifting the ban on striped bass fishing in the Federal Block Island Transit Zone.

*Illegal, Unregulated, and Unreported (IUU) Fishing.*—The agreement adopts Senate language regarding IUU fishing, and provides an additional \$1,200,000 under Fisheries Management Programs and Services to implement the program described in section 539 of this Act.

*Office of Oceanic and Atmospheric Research (OAR).*—\$507,519,000 is for OAR Operations, Research, and Facilities.

**INSERT 11A**

*Remote Sensing for Snowpack and Soil Moisture.*—In lieu of Senate language, direction is provided for this activity under National Weather Service, Science and Technology Integration.

*National Weather Service (NWS).*—\$1,014,119,000 is for NWS Operations, Research, and Facilities.

**INSERT 11B**

*Quarterly Briefings.*—Continuous reports of management and staffing challenges across the NWS are unacceptable. NOAA and the Department of Commerce are directed to ensure that the NWS fulfills its critical mission to protect the lives and property of our nation’s citizens. The agreement adopts Senate language regarding NWS vacancies and the fiscal year 2018 spend plan, but clarifies that this plan should distinguish between funded and unfunded vacancies. Additionally, NOAA shall provide quarterly briefings to the Committees on all NWS management and budget issues, to include: a list of funded vacancies, by type and location, including the length of time the positions have been vacant; the Program, Project, or Activity (PPA) from which each vacancy is funded, and the plan for addressing each vacancy; an update on the implementation of the Operations and Workforce Analysis; budget execution by PPA; major procurements; and other topics as appropriate. Additionally, in the fiscal year 2020 President’s Budget submission for NWS, the Department of Commerce shall document the funded position vacancy rate and lapse assumptions built into the budget request by PPA.

*Hydrology and Water Resource Programs.*—In addition to Senate language regarding the National Water Center, and in lieu of Senate language under OAR, the agreement provides an additional \$6,000,000 for NWS, in coordination with OAR, to collaborate with external academic partners to improve fine and large-scale measurements of snow depth and soil moisture data that can be used to expand and improve the National Water Model and contribute directly to the mission of NOAA’s National Water Center. The agreement reiterates Senate language recognizing the success of research-to-operations efforts and external partnerships.

*Facilities Maintenance.*—The agreement provides \$16,000,000 for the National Weather Service’s highest priority facilities repair and deferred maintenance requirements at Weather Forecast Offices (WFOs). NWS has nearly completed its nationwide facilities condition assessment, and has a comprehensive analysis of conditions, itemized deferred maintenance list, and projected lifecycle costs for NOAA’s network of WFOs. There is concern that current conditions and deferred maintenance items include issues that may significantly affect operational readiness, service delivery, or occupant safety. Thirty days prior to obligating any of these additional facilities repair and deferred maintenance funds, NWS shall submit a report providing the following information: (1) a prioritized list of NWS deferred facilities maintenance needs, based on the facilities condition assessment, including an explanation of how such list was prioritized; (2) an estimate of the total amount and composition of deferred facilities maintenance, including an explanation of how such estimate was developed; and (3) an explanation of how NWS maintains information on, and manages, its deferred maintenance needs and activities.

**INSERT 13A**

*Fleet Deferred Maintenance.*—The agreement provides \$10,000,000 above the request in OMAO's Operations, Research and Facilities account, and \$11,500,000 above the request in OMAO's Procurement, Acquisition and Construction account to address deferred maintenance of NOAA's fleet. Within 60 days of enactment of this Act NOAA shall brief the Committees on its vessel maintenance requirements, OMAO's maintenance program, and NOAA's plan to develop a long range maintenance strategy for its fleet.

*Feasibility of Monitoring Atmospheric Rivers.*—Senate report language requiring a report regarding the feasibility and potential benefit of using airborne assets to monitor Atmospheric Rivers is retained.

PROCUREMENT, ACQUISITION AND CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

This Act includes a total program level of \$2,303,684,000 in direct obligations for NOAA Procurement, Acquisition and Construction (PAC), of which \$2,290,684,000 is appropriated from the general fund and \$13,000,000 is derived from recoveries of prior year obligations. The following narrative and table identify the specific activities and funding levels included in this Act:

**INSERT 13B**

*Space Weather Follow-on.*—The agreement includes \$8,545,000 for Space Weather Follow-On. Direction in the House and Senate reports is retained, and NOAA is further directed to provide a full assessment of launch options for a coronagraph, and a plan to address non-coronagraph space weather requirements, within 180 days of enactment of this Act. NOAA shall coordinate with NASA and the Department of Defense to ensure that NOAA is providing cost-effective operational space weather assets and NASA is providing technology development, in accordance with the National Space Weather Action Plan.

*Facilities Maintenance.*—The agreement provides \$10,000,000 for NOAA's highest priority facilities repair and deferred maintenance requirements. NOAA has significant facilities

repair and deferred maintenance liabilities and the Committees are concerned by reports, including the Department of Commerce Office of the Inspector General Report, “*NOAA: Repair Needs Data Not Accurate, and Real Property Utilization Not Monitored Adequately*,” (OIG-17-032-A), that indicate NOAA is not appropriately managing its real property maintenance needs. Thirty days prior to obligating any of these additional facilities repair and deferred maintenance funds, NOAA shall submit a report providing the following information: (1) a NOAA-wide prioritized list of its deferred facilities maintenance needs, including an explanation of how such list was developed; (2) an estimate of the total amount and composition of deferred facilities maintenance, including an explanation of how such estimate was developed; (3) how NOAA maintains information on, and manages, its deferred maintenance needs and activities; and (4) an update on addressing the recommendations of OIG-17-032-A.

*NOAA Marine Operation Facilities.*—The agreement adopts Senate language on NOAA Marine Operation Facilities and directs NOAA to submit the associated plan within 60 days of enactment of this Act. Additionally, NOAA shall formalize the decision on the size of the project and work with the United States Navy to finalize all assessments in a timely manner.

*NOAA Aircraft Recapitalization.*—The agreement adopts the Senate language regarding aircraft recapitalization and provides \$133,000,000 for this purpose. Within funds provided, \$121,000,000 is included to procure a suitable replacement for the Gulfstream IV-SP (G-IV) Hurricane Hunter in order to meet the requirements of section 413 of Public Law 115-25 and ensure back up capabilities.

#### PACIFIC COASTAL SALMON RECOVERY

This Act includes \$65,000,000 for Pacific Coastal Salmon Recovery.

#### FISHERMEN’S CONTINGENCY FUND

This Act includes \$349,000 for the Fishermen’s Contingency Fund.

#### FISHERY DISASTER ASSISTANCE

This Act includes \$20,000,000 for fishery disaster assistance.

## FISHERIES FINANCE PROGRAM ACCOUNT

This Act includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$100,000,000 for traditional direct loans.

### DEPARTMENTAL MANAGEMENT

#### SALARIES AND EXPENSES

This Act includes \$63,000,000 for Departmental Management salaries and expenses and supports the proposed increase for the Investigations and Threats Management Division.

*Rescissions.*—The Department of Commerce shall submit to the Committees a report, at the Program, Project and Activity level, no later than September 1, 2018, specifying the amount of each rescission made pursuant to this Act.

#### RENOVATION AND MODERNIZATION

This Act includes \$45,130,000 for continuing renovation activities only at the Herbert C. Hoover Building, which is the full amount the Department of Commerce requires to complete the fifth phase of the ongoing renovation.

#### OFFICE OF INSPECTOR GENERAL

This Act includes a total of \$37,626,000 for the Office of Inspector General (OIG). This amount includes \$32,744,000 in direct appropriations, a \$1,000,000 transfer from USPTO, a transfer of \$2,580,000 from the Bureau of the Census, Periodic Censuses and Programs, and \$1,302,000 from NOAA PAC for audits and reviews of those programs.

*Transfers.*—The OIG has more than \$6,000,000 in unobligated prior year transfers from Department of Commerce components. These transfers are to ensure that the OIG is able to provide the necessary independent and objective oversight for these components. In its fiscal year 2018 spend plan, the OIG shall describe how the OIG will use these existing resources to adequately oversee the relevant components.

### GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

#### (INCLUDING TRANSFER OF FUNDS)

This Act includes the following general provisions for the Department of Commerce:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest.

Section 102 makes appropriations for Department salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15 days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides congressional notification requirements for NOAA satellite programs and includes life cycle cost estimates for certain weather satellite programs.

Section 105 provides for reimbursement for services within Department of Commerce buildings.

Section 106 clarifies that grant recipients under the Department of Commerce may continue to deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 107 provides the NOAA Administrator with the authority to avail NOAA of resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 108 prohibits the National Technical Information Service from charging for certain services.

Section 109 provides NOAA with authority to waive certain bond requirements.

Section 110 allows NOAA to be reimbursed by Federal and non-Federal entities for performing certain activities.

Section 111 provides the Economics and Statistics Administration certain authority to enter into cooperative agreements.

**TITLE II**  
**DEPARTMENT OF JUSTICE**

GENERAL ADMINISTRATION

SALARIES AND EXPENSES

This Act includes \$114,000,000 for General Administration, Salaries and Expenses.

*Opioid and heroin epidemic.*—The Act includes significant increases in law enforcement and grant resources for the Department of Justice (DOJ) to combat the rising threat to public health and safety from opioid, heroin and other drug trafficking and abuse. This includes a total of \$446,500,000, an increase of \$299,500,000 more than fiscal year 2017, in DOJ grant funding to help State and local communities respond to the opioid crisis.

*Federal Law Enforcement and Prosecutors.*—The Act includes significant increases for DOJ Federal law enforcement and prosecution agencies which will help DOJ investigate and prosecute high priority cases, including those involving opioids, heroin, and other drug trafficking amongst other law enforcement priorities that were agreed upon by the Committees in this explanatory statement. The overall increase is \$717,691,000 more than fiscal year 2017 which includes: \$101,750,000 for U.S. Attorneys; \$62,452,000 for U.S. Marshals Service operations; \$36,912,000 for the Drug Enforcement Administration (DEA) diversion control program and \$87,350,000 for DEA operations; \$25,850,000 for the Organized Crime and Drug Enforcement Task Forces; \$263,001,000 for Federal Bureau of Investigation (FBI) operations; \$35,176,000 for the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); and \$105,200,000 for the Bureau of Prisons (BOP) operations.

*Working Capital Fund and Non-appropriated Fund Budget Requests and Expenditure Plans.*—DOJ shall include in its future year requests a breakout of its non-appropriated funding sources, as specified in the House report. DOJ shall also include in its fiscal year 2018 spending plans for DOJ components details on non-appropriated funds with regard to the Working Capital Fund, retained earnings and unobligated transfers, and civil debt collection proceeds, as specified in the House and Senate reports. In addition, DOJ shall continue to provide the Committees with quarterly reports on the collections, balances, and obligations of these funds.

*Federal Water Usage Violations.*—The agreement does not adopt language in either the House or the Senate report regarding Federal water usage violations.

JUSTICE INFORMATION SHARING TECHNOLOGY

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$35,000,000 for Justice Information Sharing Technology. The Department shall give the highest priority to advancing cybersecurity for DOJ operations and systems.

EXECUTIVE OFFICE FOR IMMIGRATION REVIEW

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$504,500,000 for the Executive Office for Immigration Review (EOIR), of which \$4,000,000 is derived by transfer from fee collections. With the funding provided in the Act, EOIR shall continue ongoing programs, and hire and deploy at least 100 additional Immigration Judge (IJ) teams, with a goal of fielding 484 IJ teams nationwide by 2019.

*Immigration Adjudication Performance and Reducing Case Backlog.*—The Department shall accelerate its recruitment, background investigation, and placement of IJ teams, and brief the Committees not later than 30 days after enactment of this Act on its plan to deploy or reassign IJ teams to the highest priority locations. The briefing shall cover training standards for new IJs, and continuing IJ training and education.

EOIR shall submit monthly reports detailing the status of its hiring and deployment of IJ teams in the format and level of detail provided in fiscal year 2017. The reports should include the performance and operating information at the level of detail provided in fiscal year 2017, to include median days pending for both detained and non-detained cases, and should include statistics on cases where visa overstay is a relevant factor. To the extent EOIR has adopted new performance measures related to the efficient and timely completion of cases and motions, statistics reflecting those measures should be included in the report.

OFFICE OF INSPECTOR GENERAL

This Act includes \$97,250,000 for the Office of Inspector General.

## UNITED STATES PAROLE COMMISSION

### SALARIES AND EXPENSES

This Act includes \$13,308,000 for the salaries and expenses of the United States Parole Commission.

## LEGAL ACTIVITIES

### SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

This Act includes \$897,500,000 for General Legal Activities.

*Petitions for remission or mitigation.*—The agreement does not include section 550 of the House bill, as the Department of Justice finally addressed these petitions after an excessively lengthy wait and ruled on all petitions for remission or mitigation that were referred to the Department before June 26, 2017. The Committees note that these petitions are imperative in returning money that is validly due to taxpayers, and the Money Laundering and Asset Recovery Section should prioritize resolving any future petitions expeditiously.

### VACCINE INJURY COMPENSATION TRUST FUND

This Act includes a reimbursement of \$10,000,000 for DOJ expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660).

### SALARIES AND EXPENSES, ANTITRUST DIVISION

This Act includes \$164,977,000 for the Antitrust Division. This appropriation is offset by an estimated \$126,000,000 in pre-merger filing fee collections, resulting in a direct appropriation of \$38,977,000.

### SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

This Act includes \$2,136,750,000 for the Executive Office for United States Attorneys and the 94 United States Attorneys' offices, of which \$25,000,000 shall remain available until expended. Within funding provided, the Act supports increases of \$4,750,000 above the fiscal year 2017 level for paralegal support; \$4,875,000 above the request level for cybercrime prosecution and training of Assistant U.S. Attorneys, including for intellectual property rights violations and child pornography; and \$2,500,000 to support criminal and civil drug diversion

prosecution related to opioids. The Act includes funding at no less than the fiscal year 2017 level for Adam Walsh Act investigations and prosecutions, and sustains current funding levels for investigations and prosecutions of mortgage and financial fraud, as well as for civil rights enforcement. Remaining funds above the request level shall be allocated to districts with the highest demonstrable workload, and should include additional prosecutors for both human and opioid trafficking cases.

#### UNITED STATES TRUSTEE SYSTEM FUND

This Act includes \$225,908,000 for the United States Trustee Program.

#### SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

This Act includes \$2,409,000 for the Foreign Claims Settlement Commission.

#### FEES AND EXPENSES OF WITNESSES

This Act includes \$270,000,000 for Fees and Expenses of Witnesses.

#### SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

##### (INCLUDING TRANSFER OF FUNDS)

This Act includes \$15,500,000 for the Community Relations Service.

#### ASSETS FORFEITURE FUND

This Act includes \$20,514,000 for the Assets Forfeiture Fund.

#### UNITED STATES MARSHALS SERVICE

##### SALARIES AND EXPENSES

This Act includes \$1,311,492,000 for the salaries and expenses of the United States Marshals Service (USMS). Within funding provided, the Act supports the USMS's request of \$12,000,000 for life and safety equipment and training. Also within this appropriation, the Act provides additional funding for deputy U.S. marshals to meet the growing workload associated with: increasing law enforcement initiatives; enhancing enforcement of laws relating to international travel of sex offenders; and expanding the regional fugitive task force program.

## CONSTRUCTION

This Act includes \$53,400,000 for construction and related expenses in space controlled, occupied or utilized by the USMS for prisoner holding and related support. The USMS is expected to apply this funding to its top ten priority projects.

### FEDERAL PRISONER DETENTION

(INCLUDING TRANSFER OF FUNDS)

The Act includes \$1,536,000,000 for Federal Prisoner Detention.

## NATIONAL SECURITY DIVISION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$101,031,000 for the salaries and expenses of the National Security Division.

## INTERAGENCY LAW ENFORCEMENT

INTERAGENCY CRIME AND DRUG ENFORCEMENT

This Act includes \$542,850,000 for the Organized Crime and Drug Enforcement Task Forces, of which \$375,000,000 is for investigations and \$167,850,000 is for prosecutions. The increase in resources is provided to enhance investigations and prosecutions of major drug trafficking organizations with a focus on reducing the availability of opioids.

## FEDERAL BUREAU OF INVESTIGATION

SALARIES AND EXPENSES

This Act includes \$9,030,202,000 for the salaries and expenses of the Federal Bureau of Investigation (FBI), including \$1,740,000,000 for Intelligence, \$3,660,200,000 for Counterterrorism and Counterintelligence, \$3,090,000,000 for Criminal Enterprises and Federal Crimes, and \$540,000,000 for Criminal Justice Services.

Within funding provided, the FBI is expected to enhance its investigative and intelligence efforts related to terrorism, national security, and cyber threats, to include strengthening the

Cyber Division. Also within the level of funding provided, the FBI shall ensure that the National Instant Criminal Background Check System (NICS) operations more adequately address background check demand and improve NICS performance, including enhancing system availability, determination rates, and E-Check services. DOJ is also directed to consult with and provide technical guidance to help other Federal departments and agencies fulfill their obligation to submit all relevant records into the NICS database.

*Communication and information sharing.*—The FBI is directed to review protocols associated with communication and information sharing between the Public Access Line and FBI field offices, and to report to the Committees within 60 days of enactment of this Act on potential improvements.

*Law enforcement medical demonstration.*—Within 60 days of enactment of this Act, the FBI shall update the Committees on efforts to formalize its existing external partnership with a civilian academic medical center, including the FBI's use of medical communications systems and Level I trauma centers to support contingency planning and improve the delivery of medical care for high risk law enforcement missions.

*Canine Weapons of Mass Destruction Directorate (WMDD) research.*—The agreement adopts Senate report language regarding the Hazardous Devices School, which supports the Bureau's WMDD detector canine program. The Act clarifies that funding direction for these canine activities shall be at a level above fiscal year 2017 that adequately supports the operations and ongoing development of this program.

*Countering election-related threats.*—Within the increased funding provided, the FBI is directed to make the counterintelligence and cyber-related investments necessary to help respond to foreign actors, including those seeking to compromise democratic institutions and processes. It is expected that the FBI will invest in initiatives that will assist in enhanced source development, deployment of additional surveillance assets, implementation of other sophisticated targeting techniques, or other investigative activities deemed necessary to thwart foreign actors. These investments will also aid the FBI in carrying out its roles and responsibilities pursuant to the January 2017 designation of election infrastructure as part of the nation's critical infrastructure, thereby facilitating enhanced information sharing between the Federal government and State and local election officials responsible for running Federal elections in this country. The FBI shall

brief the Committees not later than 90 days after the date of enactment of this Act on its plans to carry out these initiatives.

*Human trafficking.*—Within the funds provided, the FBI is expected to increase resources devoted to human trafficking investigations.

#### CONSTRUCTION

This Act includes \$370,000,000 for FBI construction, which supports the Senate’s language on 21st Century Facilities and provides additional funding above the requested level for the FBI to address its highest priorities outside of the immediate national capital area.

*FBI Headquarters.*—The Act does not include funding for the revised Headquarters consolidation plan released on February 12, 2018, because many questions regarding the new plan remain unanswered, including the revision of longstanding security requirements and changes to headquarters capacity in the national capital region. Until these concerns are addressed and the appropriate authorizing Committees approve a prospectus, the Committees are reluctant to appropriate additional funds for this activity.

#### DRUG ENFORCEMENT ADMINISTRATION

##### SALARIES AND EXPENSES

This Act includes a direct appropriation of \$2,190,326,000 for the salaries and expenses of the Drug Enforcement Administration (DEA). In addition, DEA expects to derive \$419,574,000 from fees deposited in the Diversion Control Fund to carry out the Diversion Control Program, resulting in \$2,609,900,000 in total spending authority for DEA. To meet the rising threats from heroin, fentanyl, and other opioids, additional funding is included to: expand opioid and heroin enforcement efforts, including supporting existing heroin enforcement teams and establishing new ones; invest in the Fentanyl Signature Profiling Program and law enforcement safety; and accelerate efforts to dismantle transnational criminal organizations and cartels. Senate report language regarding Special Assistant U.S. Attorneys is adopted, and additional resources for prosecutors are included under U.S. Attorneys. DEA shall provide a briefing on heroin and opioid investigations and prosecutions not later than 90 days after the date of enactment of this Act. The agreement also provides not less than \$10,000,000 for DEA to perform methamphetamine lab cleanup.

## BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

### SALARIES AND EXPENSES

This Act includes \$1,293,776,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). Within the amount provided, resources are allocated to fully fund the requested program increases, as well as for an increase of not less than \$10,000,000 for activities, as specified in the House report, for the National Firearms Act Division, Federal Firearms and Explosives Licensing Centers, the Import Branch, and the eForms system.

*Canine Training Center.*—The agreement does not include section 539 of the House bill regarding the relocation of ATF's Canine Training Center. The agreement modifies Senate language regarding National Center for Explosives Training and Research only as it pertains to canine operations to clarify that no relocations are anticipated during fiscal year 2018.

## FEDERAL PRISON SYSTEM

### SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$7,114,000,000 for the salaries and expenses of the Federal Prison System. House and Senate report language on treatment programming is adopted.

### BUILDINGS AND FACILITIES

This Act includes \$161,571,000 for the construction, acquisition, modernization, maintenance, and repair of prison and detention facilities housing Federal inmates. Additional funding above the request is included for the highest priority deferred maintenance and repair (M&R) projects. The Bureau of Prisons shall provide a list of planned M&R projects to be carried out, with estimated costs and completion dates, with the fiscal year 2018 spending plan provided to the Committees, as well as an updated listing of remaining unfunded M&R projects.

### LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

This Act includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

## STATE AND LOCAL LAW ENFORCEMENT ACTIVITIES

In total, this Act includes \$2,934,300,000 for State and local law enforcement and crime prevention programs. This amount includes \$2,842,300,000 in discretionary budget authority, of which \$492,000,000 is derived by transfer from the Crime Victims Fund. This amount also includes \$92,000,000 scored as mandatory for Public Safety Officer Benefits.

House and Senate report language regarding management and administration expenses is adopted by reference, and it is clarified that the Department's methodology for assessing these costs should be both fair and equitable across all grant programs.

The agreement includes a limitation on obligations from the Crime Victims Fund of \$4,436,000,000 as stipulated in section 510 of this Act.

*Compliance with Federal laws.*—The agreement does not include section 554 of the House bill regarding funding for the State Criminal Alien Assistance Program (SCAAP). The agreement adopts Senate language directing the Department to ensure that all applicants for Edward Byrne Memorial Justice Assistance Grants (Byrne-JAG), Community Oriented Policing Services (COPS) grants, and SCAAP funds are in compliance with all applicable Federal laws.

## OFFICE ON VIOLENCE AGAINST WOMEN

### VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$492,000,000 for the Office on Violence Against Women. These funds are distributed as follows:

**INSERT 25A**

### OFFICE OF JUSTICE PROGRAMS

#### RESEARCH, EVALUATION AND STATISTICS

This Act provides \$90,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

*Campus survey.*—Up to \$5,000,000 is provided for the Department to continue development and testing of its pilot campus climate survey on sexual assault. The survey should be cost-effective, standardized, methodologically rigorous, and conducted nationwide.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE  
(INCLUDING TRANSFER OF FUNDS)

This Act includes \$1,677,500,000 for State and Local Law Enforcement Assistance programs. These funds are distributed as follows:

**INSERT 26A**

*Comprehensive Addiction and Recovery Act (CARA) programs.*—The agreement provides a total of \$330,000,000 for DOJ’s CARA programs, an increase of \$227,000,000 above the fiscal year 2017 level, including \$132,000,000 above the fiscal year 2017 level for the Comprehensive Opioid Abuse Program (COAP). It is expected that the Bureau of Justice Assistance will not only be able to make additional site-based program awards under the existing COAP structure, but will be able to expand COAP offerings to include prevention and education programs for youth, community engagement by law enforcement, response teams to assist children dealing with the aftermath of opioid addiction, and family court programming relating to treatment for opioids. Senate report language on the Law Enforcement Assisted Diversion (LEAD) model is adopted.

*NICS Initiative grants.*—While the agreement includes a \$2,000,000 increase for the NICS Initiative grant program, the Committees remain deeply concerned over problematic applications from States for the National Criminal History Improvement Program (NCHIP) and NICS Act Record Improvement Program (NARIP) grants, which result in fewer grants being awarded than were funded by appropriations. Over the past several fiscal years, far too many proposals from States have been out-of-scope, of poor quality, or requested excessive funding to replace an entire criminal justice records system, leading DOJ to exclude them. The Office of Justice Programs (OJP) is directed to consult with State and tribal governments to provide training and technical assistance in completing a successful application for both of these grant programs, including expressly outlining what is in scope for project needs, information technology, and cost.

<b>TOTAL, State and Local Law Enforcement Assistance .....</b>	<b>\$1,677,500</b>

*Victims of Trafficking grants.*—The agreement provides \$77,000,000 for the Victims of Trafficking Grant program, as authorized by Public Law 106–386 and amended by Public Law 113–4, of which no less than \$22,000,000 is for the Enhanced Collaborative Model to Combat Human Trafficking Task Force Program. This funding level also includes \$10,000,000 for the Minor Victims of Trafficking Grant program, of which \$8,000,000 is for victim services grants for sex-trafficked minors as authorized by Public Law 113–4, with the remaining \$2,000,000 for victim services grants for labor-trafficked minors. The Committees encourage DOJ to work in close coordination with the Department of Health and Human Services to facilitate collaboration and reduce duplication of efforts.

*Capital Litigation Improvement and Wrongful Conviction Review Grant programs.*—The Committees direct that at least 50 percent of the \$3,000,000 appropriated to the Capital Litigation Improvement and Wrongful Conviction Review grant programs be used to support entities that represent individuals with post-conviction claims of innocence and provide legal representation; case review, evaluation, and management; experts; and investigation services related to these innocence claims.

*Paul Coverdell Forensic Science.*—The alarming proliferation of heroin and synthetic drugs like fentanyl have had a crushing effect on State crime labs, resulting in a significant increase in the backlog. Synthetics in particular take much longer to analyze than traditional drugs and chemicals. Medical examiners and pathologists have also been overwhelmed with the volume of autopsies as a result of heroin and synthetic drug-related overdose deaths. The recommendation provides an additional \$17,000,000 for the Coverdell program to specifically target the challenges the opioid epidemic has brought to the forensics community.

#### JUVENILE JUSTICE PROGRAMS

This Act includes \$282,500,000 for Juvenile Justice programs. These funds are distributed as follows:

INSERT 27A

*Reaching Youth Impacted by Opioids.*—The recommendation provides an additional \$22,000,000 above the fiscal year 2017 enacted level to support States, local communities, and tribal jurisdictions in their efforts to develop and implement effective programs for children,

**GPO: Will email data file: JJ.LOC**

youth, and at-risk juveniles and their families who have been impacted by the opioid crisis and drug addiction. Within this amount, \$8,000,000 is provided for Title V: Delinquency Prevention grants, and \$14,000,000 is provided for youth mentoring grants.

PUBLIC SAFETY OFFICER BENEFITS

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$116,800,000 for the Public Safety Officer Benefits program for fiscal year 2018. Within the funds provided, \$92,000,000 is for death benefits for survivors, an amount estimated by the Congressional Budget Office that is considered mandatory for scorekeeping purposes. In addition, \$24,800,000 is provided for disability benefits for public safety officers permanently and totally disabled as a result of a catastrophic injury and for education benefits for the spouses and children of officers killed in the line of duty or permanently and totally disabled as a result of a catastrophic injury sustained in the line of duty.

COMMUNITY ORIENTED POLICING SERVICES

COMMUNITY ORIENTED POLICING SERVICES PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$275,500,000 for COPS programs, as follows:

**INSERT 28A**

*COPS Hiring.*—The Department of Justice is reminded that the COPS Hiring Program may include grant award preference categories for School Resource Officers.

*Peer Mentoring Pilot Programs.*—With the recent passage of the Law Enforcement Mental Health and Wellness Act (Public Law 115–113), the Committees note that grant funding to establish peer mentoring mental health and wellness pilot programs within State, local, and tribal law enforcement agencies is now a covered purpose area within the COPS Office.

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

This Act includes the following general provisions for the Department of Justice:

**GPO: Will email data file: COPS.LOC**

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or incest, or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes that the Director of the Bureau of Prisons (BOP) is obliged to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

Section 207 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious, or educational purposes.

Section 208 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 209 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts specified in this title or the reuse of specified deobligated funds provided in previous years.

Section 210 prohibits the use of funds for A-76 competitions for work performed by employees of BOP or Federal Prison Industries, Inc.

Section 211 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 212 permits up to 3 percent of grant and reimbursement program funds made available to the Office of Justice Programs to be used for training and technical assistance, and

permits up to 2 percent of grant funds made available to that office to be used for criminal justice research, evaluation and statistics by the National Institute of Justice and the Bureau of Justice Statistics.

Section 213 gives the Attorney General the authority to waive matching requirements for Second Chance Act adult and juvenile reentry demonstration projects; State, Tribal, and local reentry courts; and drug treatment programs.

Section 214 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 215 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facilitate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 216 places limitations on the obligation of funds from certain Department of Justice accounts and funding sources.

Section 217 allows certain funding to be made available for use in Performance Partnership Pilots.

### **TITLE III**

### **SCIENCE**

#### **OFFICE OF SCIENCE AND TECHNOLOGY POLICY**

This Act includes \$5,544,000 for the Office of Science and Technology Policy (OSTP). The agreement modifies Senate language regarding Science, Technology, Engineering, and Math (STEM) inclusion training to clarify that this activity shall include OSTP and the Office of Personnel Management and be conducted through a National Science and Technology Council subcommittee.

#### **NATIONAL SPACE COUNCIL**

This Act includes \$1,965,000 for the activities of the National Space Council.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

This Act includes \$20,736,140,000 for the National Aeronautics and Space Administration (NASA).

**INSERT 31A**

SCIENCE

This Act includes \$6,221,500,000 for Science. The agreement reiterates the importance of the decadal survey process and rejects the cancellation of scientific priorities recommended by the National Academy of Sciences decadal survey process.

*Earth Science.*—This Act includes \$1,921,000,000 for Earth Science. This amount includes \$147,000,000 for the Plankton, Aerosol, Cloud, and ocean Ecosystem; \$17,000,000 for the Climate Absolute Radiance and Refractivity Observatory Pathfinder; \$1,700,000 for the Deep Space Climate Observatory; \$9,700,000 to launch the Orbiting Carbon Observatory-3; \$55,400,000 for the NASA–Indian Space Research Organization Synthetic Aperture Radar Mission (NISAR); and \$175,800,000 for LandSat-9. Earlier this year, NASA terminated an Earth Science instrument scheduled to be launched on the Joint Polar Satellite System (JPSS)-2 satellite. NASA is directed to preserve the significant investment made to date when closing out the program and to retain appropriate options to utilize the instrument in the future. Further, NASA shall report to the Congress within 180 days of the enactment of this Act on plans to ensure the collection of energy budget data beyond the JPSS-1 Clouds and the Earth's Radiant Energy System (CERES) instrument.

*Planetary Science.*—This Act includes \$2,227,900,000 for Planetary Science. Of this amount, \$595,000,000 is for the Europa mission, including both the Clipper and Lander components. The agreement also provides \$66,000,000 for Near Earth Object Observations as directed by the Senate. The agreement provides up to \$335,800,000 for Discovery and up to \$90,000,000 for New Frontiers. Within amounts currently available in the Planetary program and from funds provided in this Act, no more than \$35,000,000 is for the Near-Earth Object Camera (NEOCam) mission to complete a system requirement review and mission design review, and associated follow-up work. Also included is \$660,000,000 for Mars with language clarifying House direction to support the Mars Sample return mission and Orbiter, as appropriate. The

agreement also provides \$23,000,000 for the Mars helicopter technology demonstration activity. The agreement modifies House language regarding an Exoplanet Exploration Decadal Survey to acknowledge that this matter is being explored in a February 2018, National Academy of Sciences call for *White Papers: Exoplanet Science Strategy* in advance of the upcoming decadal surveys in astronomy, astrophysics, and planetary science.

*Astrophysics*.—This Act includes \$850,400,000 for Astrophysics. The agreement clarifies House language regarding a competitive, ~~principle~~ principal investigator-led astrophysics program to direct that this matter be addressed in the upcoming 2020 Astrophysics Decadal Survey. The agreement provides \$98,300,000 for the Hubble Space Telescope. The agreement also includes no less than an additional \$15,000,000 for exoplanet technology development, including search for life technology development and starshade technology development.

*Stratospheric Observatory for Infrared Astronomy (SOFIA)*.—The agreement includes \$85,200,000 and House language for SOFIA. The agreement further clarifies that NASA shall not undertake any activities during fiscal year 2018 in preparation for any fiscal year 2019 senior review of this program. The agreement notes that SOFIA, which began its prime mission in 2014, has a prime mission lifetime of 20 years.

*Wide-Field Infrared Survey Telescope (WFIRST)*.—In lieu of House and Senate language regarding WFIRST, the agreement includes \$150,000,000 for WFIRST, which is the highest priority of the 2010 Astrophysics Decadal Survey. In October 2017, NASA received the findings from the WFIRST Independent External Technical/Management/Cost Review (WIETR), which found in part that the current science management strategy is appropriate and that the Class B risk classification for the WFIRST mission is not consistent with NASA policy for strategically important missions with comparable levels of investment and risk, most if not all of which are class A missions. Accordingly, NASA shall provide to the Committees within 60 days of enactment of this Act a preliminary life cycle cost estimate, including any additions needed to achieve Class A classification, along with a year by year breakout of development costs.

*James Webb Space Telescope (JWST)*.—This Act includes \$533,700,000 for JWST.

*Heliophysics*.—This Act includes \$688,500,000 for Heliophysics.

## AERONAUTICS

This Act includes \$685,000,000 for Aeronautics.

## SPACE TECHNOLOGY

This Act includes \$760,000,000 for Space Technology. Within this amount, \$130,000,000 is for RESTORE; \$75,000,000 is for nuclear thermal propulsion activities; up to \$20,000,000 is for the Flight Opportunities Program; and no less than \$25,000,000 is for additive manufacturing research.

*Innovative nanomaterials.*—The agreement provides \$5,000,000 to address challenges associated with large-scale production of advanced nanomaterials for use in NASA missions.

## EXPLORATION

*Exploration.*—This Act includes \$4,790,000,000 for Exploration. The agreement clarifies that funding for additive manufacturing is included within the Space Technology program. The agreement retains the Senate language regarding a habitat development program office and directs NASA to provide, as part of its operating plan submission, a financial plan that breaks out funding and activity responsibilities for the office across the agency. The bill provides an additional \$350,000,000 for launch capabilities and infrastructure associated with constructing a second mobile launch platform, as recommended by the Aerospace Safety Advisory Panel, which will enable an acceleration in the launch schedule for Exploration Mission-2. The funds also will allow flexibility for future NASA and other Federal agency missions that will require heavy-lift capabilities beyond those of current launch vehicles as well as enable a sustainable Space Launch System (SLS) launch cadence. The agreement also provides \$395,000,000 for the Human Research Program and Advanced Exploration Systems, including no less than the current operating level for these programs.

## SPACE OPERATIONS

*Space Operations.*—This Act provides \$4,751,500,000 for Space Operations. The agreement maintains the fiscal year 2017 levels for the 21st Century Space Launch Complex program within this account as directed by the House. The agreement adopts the Senate funding recommendation for and language regarding Venture Class Launch Services.

## EDUCATION

This Act includes \$100,000,000 for Education, including \$18,000,000 for the Established Program to Stimulate Competitive Research; \$40,000,000 for Space Grant; \$32,000,000 for the Minority University Research and Education Project; and \$10,000,000 for STEM Education and Accountability Projects. The agreement adopts Senate language regarding future placement of this program and direction regarding administrative costs.

## SAFETY, SECURITY AND MISSION SERVICES

This Act includes \$2,826,900,000 for Safety, Security and Mission Services. The agreement modifies House language regarding submission of reports from NASA pursuant to National Academy of Public Administration, the GAO, and the NASA Inspector General reviews of NASA security compliance protocols and foreign national access management and directs that these reports be provided yearly.

## CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

This Act includes \$562,240,000 for Construction and Environmental Compliance and Restoration. Funds provided above the request are to address maintenance and repair backlogs.

## OFFICE OF INSPECTOR GENERAL

This Act includes \$39,000,000 for the Office of Inspector General.

## ADMINISTRATIVE PROVISIONS

### (INCLUDING TRANSFER OF FUNDS)

This Act includes the following administrative provisions for NASA: a provision that makes funds for announced prizes available without fiscal year limitation until the prize is claimed or the offer is withdrawn; a provision that establishes terms and conditions for the transfer of funds; and a provision that subjects the NASA spending plan and specified changes to that spending plan to reprogramming procedures under section 505 of this Act.

## NATIONAL SCIENCE FOUNDATION

This Act includes \$7,767,356,000 for the National Science Foundation (NSF). This strong investment in basic research reflects the Congress' growing concern that China and other

competitors are outpacing the United States in terms of research spending, as noted in the 2018 Science and Engineering Indicators report of the National Science Board.

#### RESEARCH AND RELATED ACTIVITIES

This Act includes \$6,334,476,000 for Research and Related Activities. The agreement includes \$170,690,000 for the Established Program to Stimulate Competitive Research as recommended by the House and includes Senate language regarding efficiencies. The agreement clarifies House language to provide \$1,800,000, as requested in this account, for the Antarctic Infrastructure Modernization for Science program. The agreement reiterates House and Senate language regarding support for existing NSF research infrastructure, including land and sea-based assets.

*Hurricane-damaged research facilities.*—Public Law 115–119 provided \$16,300,000 to repair NSF facilities damaged by hurricanes in 2017. NSF shall complete all such related repairs as expeditiously as possible.

*Divestment activities.*—It is noted that NSF is working with a variety of academic, private sector, and other government agencies with respect to the future operation of some of its observatories. NSF shall continue to keep the Committees informed regarding the status of these activities. Any proposal by NSF to divest the Foundation of these facilities shall be proposed as part of any future NSF budget request and is subject to NSF administrative provisions included in this Act.

*Marine seismic research.*—The agreement reiterates the importance of ensuring that NSF-funded marine research vessels with unique seismic capabilities remain available to the academic marine geology and geophysics community to support a variety of important undersea research efforts.

#### MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

This Act includes \$182,800,000 for Major Research Equipment and Facilities Construction. Within this amount, \$105,000,000 is for continuing construction of three Regional Class Research Vessels; \$20,000,000 is for the Daniel K. Inouye Solar Telescope; and \$57,800,000 is for the Large Synoptic Survey Telescope.

## EDUCATION AND HUMAN RESOURCES

This Act includes \$902,000,000 for Education and Human Resources, including \$62,500,000 for Advancing Informal STEM Learning; \$55,000,000 for CyberCorps: Scholarships for Service, including no less than \$7,500,000 for qualified community colleges as directed by the Senate; \$35,000,000 for the Historically Black Colleges and Universities Undergraduate Program; \$46,000,000 for the Louis Stokes Alliance for Minority Participation; \$64,500,000 for the Robert Noyce Teacher Scholarship Program; \$51,880,000 for Science, Technology, Engineering, and Math + Computing Partnerships (STEM+C); and \$14,000,000 for the Tribal Colleges and Universities Program.

*Hispanic-Serving Institutions (HSIs).*—The agreement provides \$30,000,000 for the HSI program authorized by section 7033 of the America COMPETES Act (Public Law 110–69). NSF is directed to continue to use this program to build capacity at institutions of higher education that typically do not receive high levels of NSF funding.

## AGENCY OPERATIONS AND AWARD MANAGEMENT

This Act includes \$328,510,000 for Agency Operations and Award Management.

### OFFICE OF THE NATIONAL SCIENCE BOARD

This Act includes \$4,370,000 for the National Science Board.

### OFFICE OF INSPECTOR GENERAL

This Act includes \$15,200,000 for the Office of Inspector General.

### ADMINISTRATIVE PROVISIONS

#### (INCLUDING TRANSFER OF FUNDS)

This Act includes a provision that describes terms and conditions for the transfer of funds and a provision requiring notification at least 30 days in advance of the acquisition or disposal of any capital asset.

**TITLE IV**  
**RELATED AGENCIES**

**COMMISSION ON CIVIL RIGHTS**

**SALARIES AND EXPENSES**

This Act includes \$9,700,000 for the Commission on Civil Rights. An additional \$500,000 is provided for the Commission to execute its mission, including activities in the field. This additional funding shall not be used for administrative costs. The Commission is reminded of direction in the Senate report instructing all agencies to reduce operating expenses.

**EQUAL EMPLOYMENT OPPORTUNITY COMMISSION**

**SALARIES AND EXPENSES**

This Act includes \$379,500,000 for the Equal Employment Opportunity Commission (EEOC). Up to \$29,500,000 shall be for payments to State and local enforcement agencies to ensure that the EEOC provides adequate resources to its State and local partners. The agreement provides an increase of \$15,000,000 to address the increased workload associated with sexual harassment claims.

**INTERNATIONAL TRADE COMMISSION**

**SALARIES AND EXPENSES**

This Act includes \$93,700,000 for the International Trade Commission.

**LEGAL SERVICES CORPORATION**

**PAYMENT TO THE LEGAL SERVICES CORPORATION**

This Act includes \$410,000,000 for the Legal Services Corporation.

**MARINE MAMMAL COMMISSION**

**SALARIES AND EXPENSES**

This Act includes \$3,431,000 for the Marine Mammal Commission.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

This Act includes a total of \$72,600,000 for the Office of the U.S. Trade Representative (USTR).

SALARIES AND EXPENSES

This Act includes \$57,600,000 for the salaries and expenses of USTR.

TRADE ENFORCEMENT TRUST FUND

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

STATE JUSTICE INSTITUTE

SALARIES AND EXPENSES

This Act includes \$5,121,000 for the State Justice Institute.

**TITLE V**

**GENERAL PROVISIONS**

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

This Act includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this Act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in this Act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where

otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this Act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this Act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a "Made in America" label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this Act. The section further provides that to the extent practicable, with respect to purchases of promotional items, funds made available under this Act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions in this Act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this Act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 stipulates the obligations of certain receipts deposited into the Crime Victims Fund.

Section 511 prohibits the use of Department of Justice funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in this Act to any department, agency, or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this Act or any other appropriations Act.

Section 513 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this Act.

Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this Act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds in this Act to require certain export licenses.

Section 517 prohibits the use of funds in this Act to deny certain import applications regarding “curios or relics” firearms, parts, or ammunition.

Section 518 prohibits the use of funds to include certain language in trade agreements.

Section 519 prohibits the use of funds in this Act to authorize or issue a National Security Letter (NSL) in contravention of certain laws authorizing the Federal Bureau of Investigation to issue NSLs.

Section 520 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation, or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of 10 percent or more.

Section 521 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2018.

Section 522 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has no unpaid Federal tax assessment.

(RESCISSIONS)

Section 523 provides for rescissions of unobligated balances. Subsection (c) requires the Departments of Commerce and Justice to submit a report on the amount of each rescission. These reports shall include the distribution of such rescissions among decision units, or, in the case of rescissions from grant accounts, the distribution of such rescissions among specific grant programs, and whether such rescissions were taken from recoveries and deobligations, or from funds that were never obligated. Rescissions shall be applied to discretionary budget authority balances that were not appropriated with emergency or disaster relief designations.

Section 524 prohibits the use of funds in this Act for the purchase of first class or premium air travel in contravention of the Code of Federal Regulations.

Section 525 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees, who are stationed in the United States, at any single conference outside the United States, unless the conference is a law enforcement training or

operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States.

Section 526 includes language regarding detainees held at Guantanamo Bay.

Section 527 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Section 528 requires any department, agency, or instrumentality of the United States Government receiving funds appropriated under this Act to track and report on undisbursed balances in expired grant accounts.

Section 529 prohibits the use of funds by the National Aeronautics and Space Administration (NASA) or the Office of Science and Technology Policy (OSTP) to engage in bilateral activities with China or a Chinese-owned company or effectuate the hosting of official Chinese visitors at certain facilities unless the activities are authorized by subsequent legislation or NASA or OSTP have made a certification pursuant to subsections (c) and (d) of this section.

Section 530 prohibits funds from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 531 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement and victim assistance purposes.

Section 532 requires the departments and agencies funded in this Act to submit spending plans.

Section 533 prohibits the use of funds to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

Section 534 requires quarterly reports from the Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation of travel to China.

Section 535 requires 10 percent of the funds for certain programs be allocated for assistance in persistent poverty counties.

Section 536 prohibits funds to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 537 prohibits the use of funds by the Department of Justice or the Drug Enforcement Administration in contravention of a certain section of the Agricultural Act of 2014.

Section 538 prohibits the Department of Justice from preventing certain States from implementing State laws regarding the use of medical marijuana.

Section 539 expands a program for monitoring seafood.

Section 540 relates to the Keep Young Athletes Safe Act of 2018, which accompanies the agreement. Funding of \$2,500,000 is provided within Office of Justice Programs (OJP) for fiscal year 2018 by this section. OJP shall make a competitive grant award to a non-profit organization to safeguard young athletes against abuse, including emotional, physical, and sexual abuse, in sports.
